

Happy Birthday BABA!

Jai Gurudev!

Dear Friends,

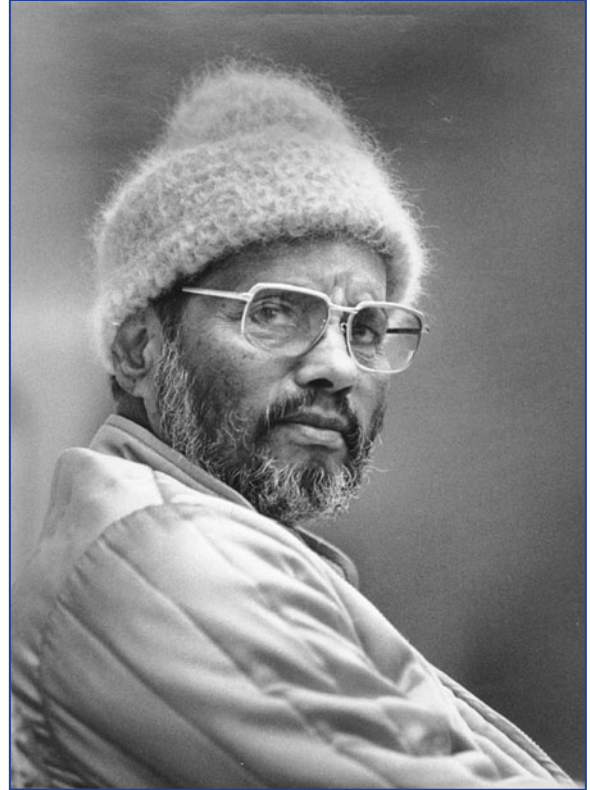

Greetings and good wishes to you all on Baba Muktananda's 106th birth anniversary. This year the lunar date falls on May 14th, the full moon day, while the solar date is on May 16th.

During a talk in Santa Monica on the all pervasive nature of consciousness, Baba told everyone:

"When I look at all of you, I see you all living in a shimmering and scintillating blue light. This is the light of consciousness."

That was Baba's mission. To reveal this divine truth, and give one the experience of that all pervasive consciousness. So we celebrate his birthday with great love and appreciation for all the blessings we have received from him, and continue to receive.

May everyone attain the vision of that shimmering blue light of consciousness.

*Sadgurunath Maharaj ki Jai!
Paramgurudev Nityanandaya!
Sadgurudev Muktanandaya!*

With great respect and love,
Swami Prakashananda
